

Your charm design card

Pick your favourites. Try a few combinations. Make it yours.

Your name: _____

I am making a ☐ bracelet ☐ necklace

1 Choose your chain

Try the fit before adding charms. Ask the helper if the length needs adjusting.

2 Pick your charms

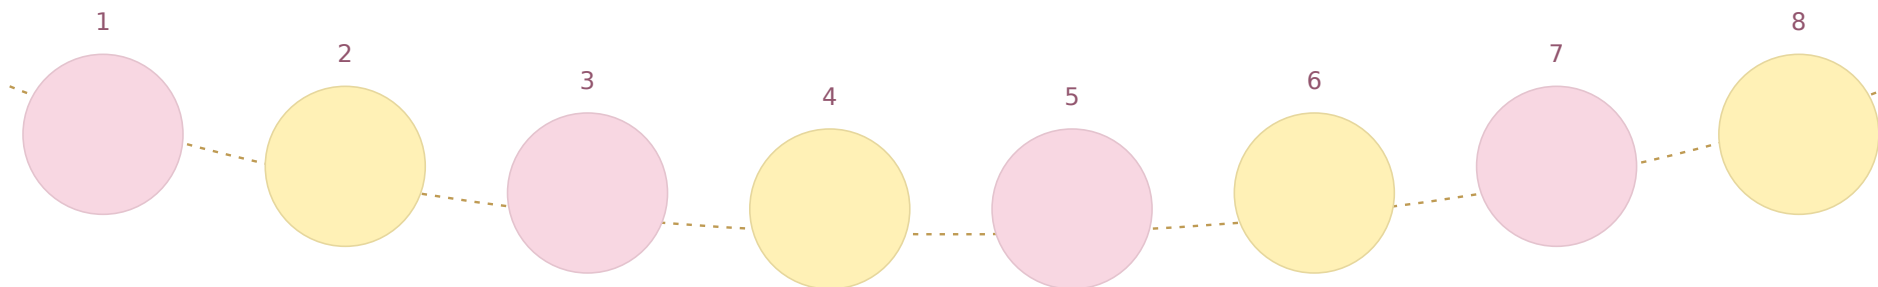

Choose the number included in your package. Mix shapes, colours and meanings.

3 Plan your placement

Arrange your charms in the spaces below. Try a new order before attaching them.

LAY OUT YOUR CHARMS HERE

Use as many spaces as your package includes. The guide is not a sizing template.

Happy with your design? Attach one charm at a time, then check every ring and the clasp.

How to open and close a jump ring

1 Hold and twist

Use two pairs of pliers, one on each side. Twist one end forward and the other back; do not pull the ring wider.

2 Add your charm

Slide the charm loop and your chosen chain link onto the open ring. Ask the helper if the parts do not fit.

3 Close the gap

Twist the ends back until they meet neatly. Check for gaps or rough edges before wearing your piece.
